Sustainability is Built Into How We Think

At QuadReal, we integrate sustainable practices into every stage of our work.

From the way we design and operate our buildings, to how we engage with communities, we are committed to creating healthier spaces, vibrant communities, and workplaces that support long-term success.

QuadReal’s Path to Net Zero:

Our commitment goes beyond carbon. Sustainability at QuadReal means prioritizing environmental responsibility, enhancing community well-being, and upholding good governance. We’re committed to creating and managing spaces where people and businesses can thrive - today and for future generations.

- QUADREAL IS COMMITTED TO:**
- 1. Being a global sustainability leader while driving long-term financial value.
 - 2. Setting property-specific targets for energy, water, and waste (domestically).
 - 3. Creating and managing buildings that promote well-being and higher productivity.
 - 4. Being transparent and reporting on progress publicly.

Digital Innovation

At QuadReal, technology is at the core of our strategy to create smarter, more efficient, and sustainable environments. Through advanced digital tools and smart building initiatives, we transform properties into high-performing, connected spaces that enhance efficiency, reduce operating costs, and adapt to tenants' evolving needs – seamlessly bridging physical spaces with digital platforms to deliver a more connected, intuitive, and elevated tenant experience.

QuadReal is leading the way in smart buildings with integrated digital ecosystems that enhance connectivity, productivity, efficiency, security, and well-being. By leveraging digitized operations, IoT-enabled spaces, and tenant-focused platforms like QuadReal+, we create seamless experiences that optimize energy use and enable intuitive “curb-to-suite” experiences - prioritizing both performance and ease of use.

QuadReal's Digital Building approach is designed to deliver lasting value to all tenants and their employees – making their spaces truly unique. By embedding technology at every stage – design, development, and operations – we future-proof our portfolio, ensuring it stays ahead of the curve. With scalable solutions that drive connectivity, sustainability, and well-being, QuadReal is setting the pace for the next generation of real estate.

Development

The in-house QuadReal team is committed to advancing a prudent development program in Canada by identifying opportunities within the existing portfolio or leveraging future acquisitions.

The company plans and develops its properties for the long term and, as such, is forward-looking and focused on quality and resilience. The team is regionally based to ensure local knowledge and on-the-ground planning and development capabilities. There is deep experience in every market where QuadReal operates, develops, and invests. Members of the QuadReal asset and development teams work closely to ensure that the focus is on respect for local communities, from project conception to completion.

QUADREAL'S DEVELOPMENT APPROACH:

The Canada-based team also guides development with international partners. QuadReal approaches all aspects of a project with these guiding values top of mind:

- Developing a portfolio that anticipates demographic and market conditions.
- Leveraging an approach that is respectful of local communities and neighbourhoods.
- Partnering with organizations that have a collaborative and team-based approach, and value long-term relationships.
