

# Committed to Healthier Work Environments

55 Standish Court  
Mississauga, ON

## ESG In Everything We Do

Crown considers ESG at every step of the real estate investment lifecycle. Our model of active, integrated management prioritizes environmental and social sustainability at 55 Standish Court and creates the greatest value for all of our tenants.

### Certifications And Awards

Crown has achieved excellence in sustainability through the following awards and certifications at 55 Standish Court.

#### BOMA Best Silver, BOMA 360, BOMA COE

55 Standish Court has been recognized in operational excellence through the BOMA 360, BOMA COE, and BOMA Best certification. These certifications highlight our commitment to energy efficiency, lower utility costs, improved air quality, and a healthier workspace. Together, they reflect our commitment to creating efficient, sustainable environments that enhance tenant satisfaction, productivity, and environmental responsibility.

#### Fitwel Certified

Fitwel Certification rates the health and wellness of buildings, enhancing tenant well-being and boosting employee performance, retention, and recruitment. It prioritizes user experience and the overall facility environment, ensuring a healthier and more pleasant workplace for everyone.

#### LEED GOLD

With LEED Certification, tenants enjoy a healthier workspace with better air quality, natural light, and sustainable features. This creates a comfortable, productive environment reducing environmental impact.

#### Energy Star

The Energy Star Certification ensures the building operates efficiently, reducing energy use and lowering utility costs for tenants. It reflects a commitment to sustainability, providing a comfortable, eco-friendly space that benefits both tenants and the environment.

### Community Building

Crown's commitment to creating a smarter, more responsible model for commercial real estate investing and management extends beyond the walls of our buildings and boundaries of our properties, to our local communities and great environment.
