

THE
ALEXANDER
at SYLVAN LAKE

THE ALEXANDER

The Next Chapter in Lakefront Living.

The Alexander brings a fresh chapter to Sylvan Lake's evolving waterfront, blending modern design with the energy of a growing, tourism-driven community. Set on the newly revitalized Lakeshore Drive, this mixed-use development offers six premium main-floor commercial units available for pre-lease—perfectly positioned to capitalize on seasonal pedestrian zones, bustling summer activity, and year-round local engagement.

Above, 44 stylish residential condominiums provide a built-in customer base, while the commercial frontage ensures maximum visibility and foot traffic—ideal for retail, boutique services, or cafés. Drawing inspiration from Sylvan Lake's early days as a gathering place, The Alexander is more than a place to live or work—it's a destination rooted in connection, commerce, and coastal charm.

With easy access to Red Deer, Edmonton, and Calgary, and surrounded by the natural beauty and vibrancy of Central Alberta's premier lakeside town, The Alexander offers businesses a unique opportunity to anchor themselves in one of the region's most sought-after locations.

Why Sylvan Lake?

Sylvan Lake is one of Alberta's fastest-growing communities, with a 13.4% population increase over the past five years—proof of the strong demand for its exceptional lifestyle and central location. Nestled just 18 km west of Red Deer and positioned between Edmonton and Calgary, Sylvan Lake offers convenient access to major urban centers while maintaining its charm as a vibrant lakeside town.

Lakeshore Drive, the heart of Sylvan Lake's tourism and community activity, has recently undergone enhancements to improve pedestrian accessibility and create a more inviting, walkable experience. During the busy summer months, sections of the street are closed to vehicle traffic, transforming the area into a lively destination with sidewalk cafes, local events, and pedestrian-focused experiences.

Welcoming over a million visitors annually, Sylvan Lake is a proven tourism hotspot. A mixed-use commercial/residential development along Lakeshore Drive stands to benefit from both consistent local growth and peak seasonal foot traffic, making it an ideal investment in one of Alberta's most dynamic communities.
