Sustainability is Built Into How We Think

At QuadReal, we integrate sustainable practices into every stage of our work.

From the way we design and operate our buildings, to how we engage with communities, we are committed to creating healthier spaces, vibrant communities, and workplaces that support long-term success.

Our commitment goes beyond carbon. Sustainability at QuadReal means prioritizing environmental responsibility, enhancing community well-being, and upholding good governance. We're committed to creating and managing spaces where people and businesses can thrive – today and for future generations.

Key Notables

HVAC Design

Enhanced outdoor air ventilation per ASHRAE standards to optimize indoor air quality and ensure a best-in-class environment. A low temperature air distribution system, high efficiency chiller, and Variable Air Volume (VAV) terminal units optimize comfort, reduce energy use, and boost system efficiency.

Water Efficient Design

Maintains healthy water systems through regular testing and strict adherence to industry best practices. Irrigation is optimized via remote control and real-time weather data.

Green Clean Program

Use of environmentally friendly cleaning products protecting occupants from harmful chemical toxins.

Full Recycle Program

Full recycling program including organics, paper, cardboard, bottles/cans, e-waste, printer toner, batteries and light bulbs.
