Updated **conference centre.**

Construction to expand our tenant amenity meeting spaces on the 4th Floor of Tower 1 are now complete. The new conference area contains modern, contemporary finishes with warm-toned wooden cabinetry and flooring throughout. The expansion includes two additional meeting rooms with the ability to combine two of these spaces when hosting groups of 20.

Building upgrades **main & +15 levels.**

Upgrades to the main floor lobby and +15 walkways at Calgary Place will be completed by early summer 2026. The spacious atrium on the main level of the complex set in the core of our energetic building lobby will be updated with a modern, bright aesthetic and will offer multi-purpose social meeting and lounge areas while being surrounded by natural elements. These social spaces will be set under a soothing forest canopy and will bring people together to intentionally connect with pathways to offer natural collisions amongst peers.
