# MEET 333 SEYMOUR

333 Seymour is a 17-storey office building in downtown Vancouver located on the southeast corner of Cordova and Seymour. The building has recently completed renovations to revitalize its podium levels with greater office amenities for the Waterfront Hub office community.

Re-imagining the groundplane connection to 601 West Hastings, 333 Seymour offers outdoor seating options between both buildings, helping extend the workplace and connect tenants with fresh air and natural daylight for increased wellness and health.
