Utilizing Location for Success

Bridgeport Central distinguishes itself with unparalleled connectivity, making it an ideal hub for industrial businesses. With immediate access to major transportation routes like Highway 99, Bridgeport Road, and River Road, **Bridgeport Central** ensures efficient logistics and seamless connectivity for businesses. The proximity to key arterials such as Highway 91, Sea Island Way, Oak Street Bridge, and the Knight Street Bridge enhances accessibility to surrounding industrial zones, including Annacis Island, while providing quick access to Downtown Vancouver, the Vancouver International Airport (YVR), and other vital locations throughout Metro Vancouver.

Being situated at the heart of this well-connected network means reduced transportation costs, increased accessibility to suppliers and markets, and enhanced competitiveness in the business landscape. **Bridgeport Central** places you strategically at the center of a thriving business community poised for success and growth.

Effortlessly Connected

Boasting a strategic location, North Richmond serves as an international gateway to Metro Vancouver and the Fraser Valley. Nestled along the shores of the Fraser River, Richmond is a vibrant city that has evolved into a key economic hub fueled by a diverse range of industries, including technology, aviation, trade, and manufacturing, offering ample opportunities for growth and success.

At **Bridgeport Central**, you will be positioned at the center of a dynamic and business-friendly environment that is complimented by a skilled and multifaceted local workforce. This strategic location, coupled with the convenience of nearby urban amenities, public transportation options like the Bridgeport SkyTrain Station, and retail establishments, positions **Bridgeport Central** as a thriving and well-connected industrial centre for business owners and employees.

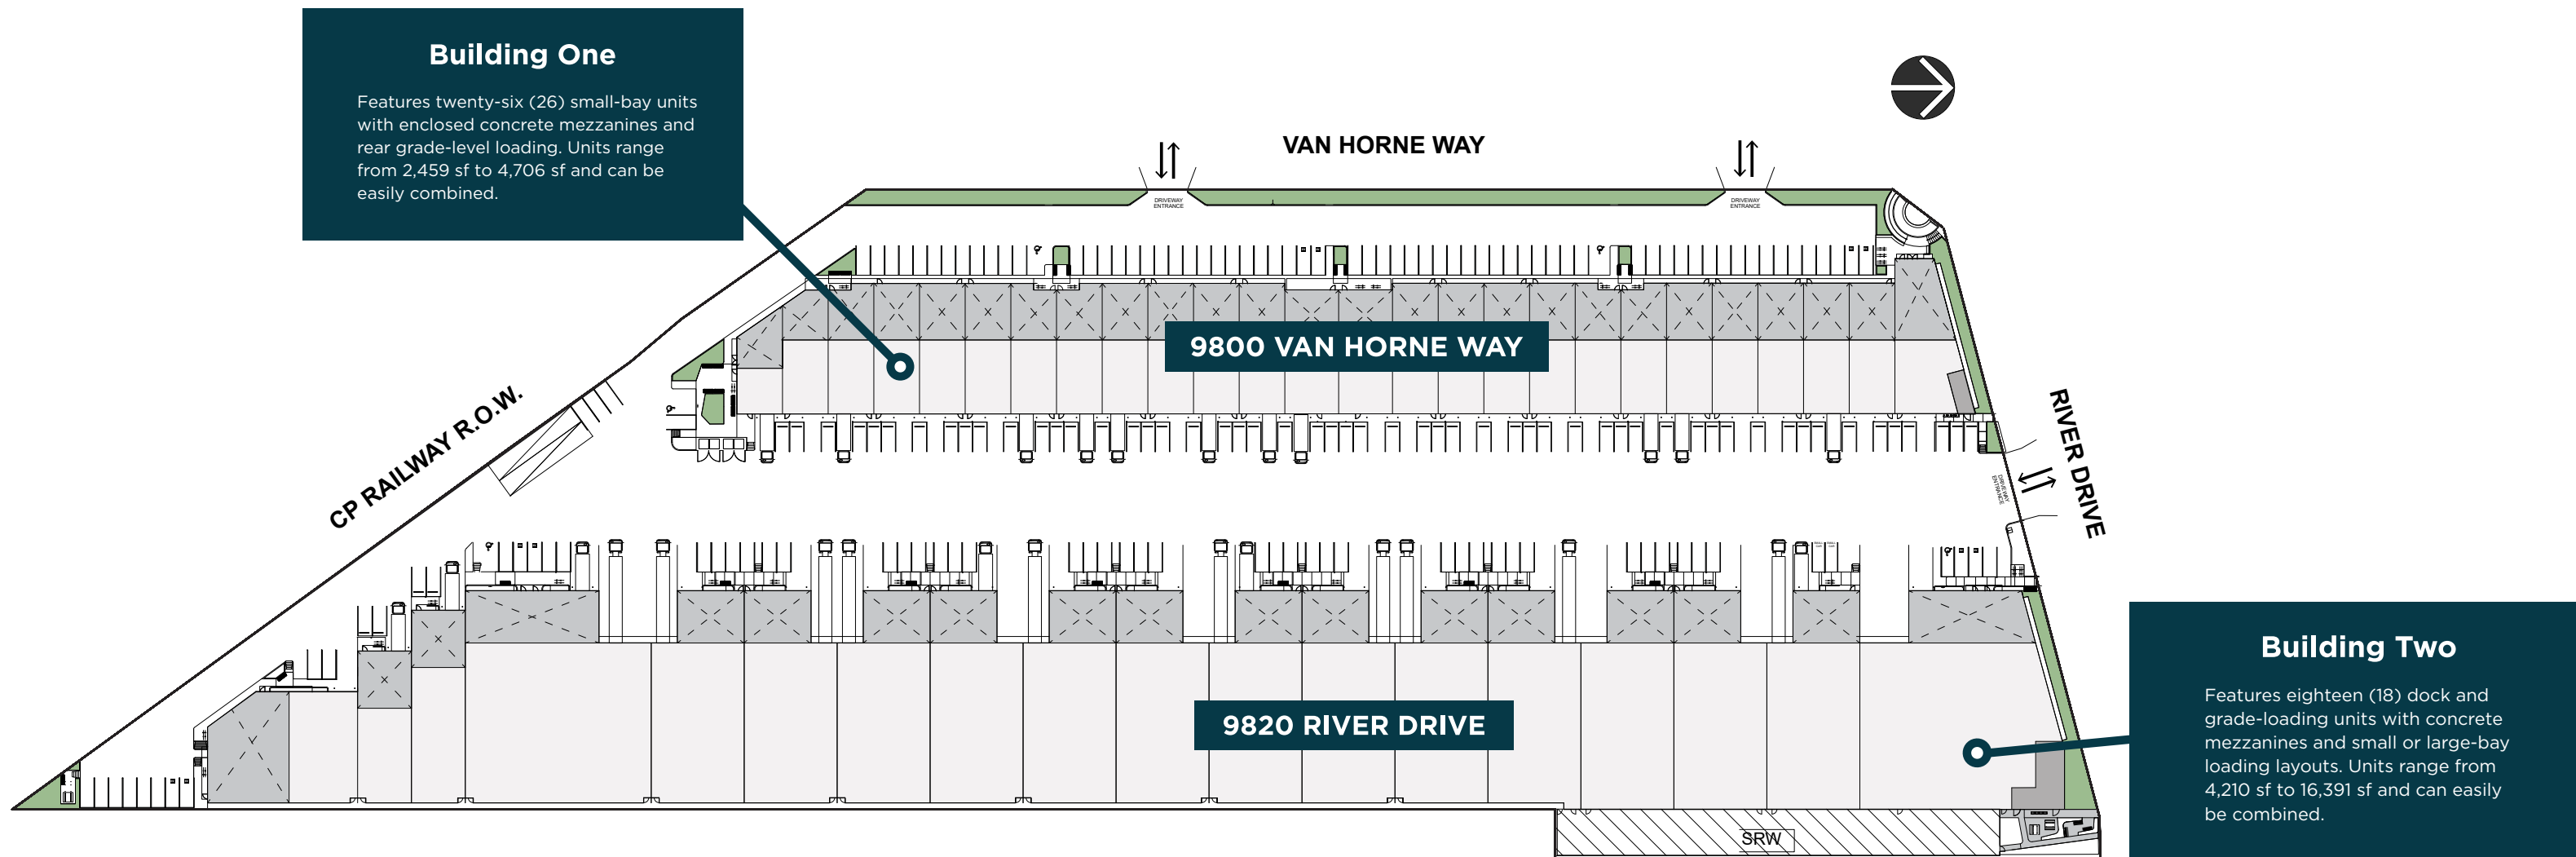

Zoning & Type of Businesses

Bridgeport Central is North Richmond's latest state-of-the-art industrial strata complex, developed by Cedar Coast and built by Orion Construction. Exceptionally designed and located, the development will include two buildings with a variety of unit sizes and loading options. Featuring both small and large-bay options, the efficient and modern floor plans provide an ideal mix of ownership opportunities to suit your business needs.

Bridgeport Central is located within Richmond's Light Industrial (IL) zoning, which permits a wide range of general industrial uses, such as:

- General industrial
- Storage warehouse
- Distribution
- Wholesale
- Showroom
- Manufacturing
- Contractor service
- Fleet service
- Commercial vehicle parking & storage
- Indoor recreation
- Restaurant

North Richmond's Newest Strategic Business Hub

Project Team

DEVELOPED BY

Cedar Coast is a Vancouver, BC based real estate development and investment firm with a 22-year track record of successful outcomes throughout the Pacific Northwest and 39 active real estate projects in Canada and the United States. With their vast experience in the real estate and development industry, Cedar Coast has approached each investment decision with a long-term view of creating award-winning outcomes for their partners, team, and the communities in which they invest.

CONSTRUCTION BY

Orion Construction is one of the largest and most innovative design-build commercial contractors in the Lower Mainland. Their dedicated focus on design building commercial and light industrial projects allows them to provide their clients extraordinary value through a hands-on, process-driven delivery structure. As experts in the pre-construction process, they engage with stakeholders through the initial conceptual drawings, drive detailed design and municipal entitlements, and deliver completed design and permitting documents consistent with the client's expectations, budgets, and schedule.

SALES AND MARKETING BY

Avison Young creates real economic, social, and environmental value as a global real estate advisor powered by people. Their integrated talent realizes the full potential of real estate by using global intelligence platforms that provide clients with insights and advantages. Together, they create healthy, productive workplaces for employees, cities that are centres for prosperity for their citizens, and built spaces and places that create a net benefit to the economy, the environment, and the community.
